PATENT Elastic Fire and Water Proof CEMENT ROOFING.

THE undersigned is prepared to introduce into use in Teamessee W. I. CHILDS & CO'S PATENT FLASTIC FIRE AND WATER-PROOF CEMENT ROOF. ING, and asks the attention of Architects, Builders Architects and Builders Should not tail to excuring this Roofing, as it is better and cheaper than any thing in use. The material forms a hard and smooth surface that will resist the

action of the atmosphere in every climate. It is im-pervious to water, elastic, and flexible. It contracts and expands with the changes of the atmosphere, and and expands with the changes of the atmosphere, and will norther evaporate, crack nor rot; and, as to its durability, there is no question.

It is practically imperishable, and will perfectly resist any orumary external exposure to fire, as is fully and abundantly proven, and we will warrant it water proof. We will engage to put our Roofing on over ordinary good sheathing, old shingles, tar and gravel, tin, zinc, copper, or iron roofs—it making no difference how steep or flat they may be—for seven dollars per one hundred square feet; it being far cheaper than any roof of the old style, and we are sure it will give better satisfaction. resulted to cover or mend old leaky tin, tar and graves roofs, 6r around chimneys, scuttles, dormer windows and gutters, where the tin is rusted through. This Cement can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. Tin Roofs can be cemented over (and warranted not to leak) at two dollars and fifty cents per hundred sometical control of the control of t

ranted not to leak) at two dollars and fifty cents per hundred square feet, which is cheaper and much better than panet. This Rooting will be found to be the best thing for covering large Roofs where they are exposed to lire—such as Steam Mills, Saw Mills, Factories, Raifroad Cars, Bridges, Bepots, Station Houses, Steamboat Decks, and in factevery kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a joint in it, it presents no chance for fire to communicate, and any light substance will burn out without igning.

I have the more readily undertaken the agency, from the fact of its extreme simplicity—being an outward application, the action of which is seemingly maraculous, and its having none of those attributes which make up the numerous compounds now in general use. use.

With the utmost confidence in the success of this remedy, which has heretofore been used in private practice with great success, as is shown by numerous letters and certificates, is now offered to the public.

A pumphlet, containing directions, letters from distinguished individuals, and documentary evidences from the physicians of the hospital of Havana, Island of Cuba, i.e., will accompany the remedy.

Persons of Consumptive Habits READ THIS! TO THE GAFENBERG COMPANY: For the first

To the GAPENBERG COMPANY: For the first time in my life I am induced to certify to the truly wonderful effects of a popular medicine, but in sending you the certificate I feel that I am only discharging a duty that I owe to the Græfenberg Company, and more especially to suffering humanity.

About the first of June last, I had a negro man taken with a cough attended, with restlessness, spitting of blood, and other dangerous symptoms of consumption. I immediately called in a truly skillful and scientific physician, who told me it was a case of consumption. He treated him for several weeks, but he gradually grew worse. I then had another physician of great reputation in lung diseases. He examined him, and also decided it to be a hopeless case of consumption, and said it was useless to spend money in trying to cure him.

cure him.

I had previously promised the Græfenberg Agents here, (Messrs. Wells & Lowell,) that when the doctors gave him up I would try the Græfenberg Consumptive's Balin. I did so and to my agreeable sorprise, the man began to improve after taking only five or six doses. He took only two bottles of the Balin and three bottles of the Græfenberg Sarsaparilla Compound, which cost me the small sum of nine dollars, and today I consider him entirely cured. He is worth \$1.200. day I consider him entirely cared. He is worth \$1,200 and he is doing me good service on the plantation. consider him perfectly sound and well as he is fat, hearty, and strong, without a vestige or sign of disease left. JOHN MYELS,

I have used the Græfenberg Consumptive's Balm in severe cases of consemption, in my practice, with the happiest effect. I wish all would use it. S. MEDARIS, M. D. W. H. MINCHIN,
